One of Cieveland's Postmasters in Southern Missouri apologized far being out of two-cent stamps, saying that he "had written to Governor Marmaduke for them twice, and if they didn't come pretty soon, he would send to President Cleveland and have him put out of ot-

It turns out that the tolly-sheet of the election in Columbus, Ohio, last fail was stolen by the Democrats and taken to the Penitentiary, then under Democratic control, and that the figures 208 were changed to 508 by the most expert forger in the institution. Thus it appears that a Democrats may some times continue to serve his party even after be has been withdrawn from the paths of practical politics and locked up in prison.

A poor old soldier, in Iowa, who had been trying to get a pension for some years, very ap'ly described the situa-United States had been as slow in exus fellows when the war broke out in 1861, as it is to-day in examining our condition when ask for a pension the country would have gone to hell long ago." It took but just fifteen minutes ago." It took but just fifteen minutes to examine for admission into the army but it has taken sixteen years to examine him for a pension.

The soldier's Home at Leavenworth is quite a comfortable place for the homeless soldier. There are now about 500 old veterans domicled there. There are now about twelve barracks (or buildings) in course of erection. All who want to work are allowed 30 cents per day. Those drawing pensions put in the treasury as their needs require. Each person is furnished with two over suits and four of underclothing each year. The Home is well arranged and the old soldiers seem to enjoy it very much. It is neither a military prison nor a poor Louse.

Ex-Confederate John N. Edwards, of the St. Joseph Gazette, is still on the war path, and with hot breath is close after Brigadier General Cockrell, late of the confederacy, now the United States Senator from Missouri. Every day or two he has something interesting to say. We quote again:

"The Fayette Advertiser refers to anti-Cockrell Democrats as acting like coyotes. Another Cockrell paper warns persons opposing Cockrell's re-election that "there will be abundant opportunities hereafter to teach them a lesson." A third organ takes occasion to remark that "the Democractic party can get who will be satisfied with nothing less than Senator Cockrell's defeat. And still another charges that the opponents of Senator Cockrell are conspirators, bent on disrupting the Democratic party in Missouri. This sort of rot has been published in Cockrell newspaper all over the State. Such stuff is not calculated to insure harmony in the ranks of the Missouri Democracy, ner will it eliminate from the canvass the real issues involved in the senatorial electjon. It is not reasonable for Democrats to demand a change of officers. No American citizen, whether Democrat or Republican, is bound to fealty to any individual. No matter what the attainmen's of a Senator, he is yet the servant of the people, and must surrender his high office at their bidding. If the most illustrious may not claim as a right a life-tenure of office, surely no such claim can be made on beha f of a Senator whose talents and attamments fall far short of medi c-

In this respect the Cockrell campaign is phenomenal. He is concededly weak, incapable of leadership, and after twelve years of service can point to no official act or utterarce of even casual interest or importance. And yet presence in the Senate is in lispensable to the welfare of the State and the Nation. His relatives have been taken natronage beyond their deserts, while Democrats who have fought the battles and won the victories of the party have been escheved, and yet we are told that all of the Democrats in Missouri he is the most devoted in the party by which he has been so abundantly hon-

The late decision of the United States Supreme court in regard to leased railroad lines has justly created a good deal of anxiety in the minds of the holders of railway stocks and bonds. The decision was made in the case of the St. Louis, Alton & Terre Haute Railway company, which, being an Illinois corporation, had leased its road franchises and other property for a term of ninety-nine years to the Indianapolis & St. Louis Railway company, which is an Indiana corporation. The point made by the court is that the Indiana corporation had no right under its charter to become party to such a lease there being no such right specifically granted to it in its charter. It this doctrine is correct, it must be interred that in all cases where such leases are made if either party there to has not the specific right to do such an act, either in its charter or from the general laws under which it is created, then the leasing is void.

When the Democratic party came into power a little more than a year ago. there was a surplus in the Treasury, and the revenues of the Government were equal to all demands; and now it proposes to increase the taxes for the purpose of paying the pensions. That is to say taking it at its own word, it has spent all the money that it found on hand, and made appropriations exceeding the probable revenue for the next year, and instead of lifting taxes from the people, seeks to add to the burden in order to avoid a serious deficiency. And this is the party that was going to show by contrast how loosely and extravagantiv the Government was onducted under Reyublican rule!

R is a medicinal preparation, and, at the same time, an elegant and cleanly to article. Its action upon the scalp is healthful. It nourishes the glands which support the hair, and causes thin, dry hair to become thick, soft, and vigorous. It restores the color of youth to locks which have become faded with ago or disease; and relieves and cures liching, caused by humors of the scalp. Dr. George Gray, Nashua, N. H., writes: "It gives me pleasure to testify to the wonderful effects roduced by Half's Vegetable Sicilian Hair Ronewer, as observed by me in very many cases. IT WILL CERTAINLY RESTORE THE HAIR TO ITS ORIGINAL COLOR. IL cleanses the head of dandruff, and leaves the hair soft, glossy, and beautiful." F. T. Sandhein, 1010 Spruce st., Philadelphia Pa. writes: "After unavailingly trying a number of preparations to prevent my hair from falling out, and, realizing that I was fast becoming baid, I tried, as a last resort, Hall's Hair Renewer. I have used only four bottles of the Renewer, and am perfectly satisfied that it is the best preparation in the market for checking the falling out of hair, invigorating the hair roots, and promoting a new growth." **Buckingham's Dye**
